hunting license here and on the back of it I have an Upland Game Stamp. Now are you requiring a particular attachment to an individual who already has a license or are you just requiring everyone to purchase a license.

SENATOR KREMER: This in no way at all changes the license that you now have or anyone that does have a license. It provides that anyone that comes on my place or your place and wants to hunt rabbits or sparrows, in order to do so, he would have to have a license issued by the Commission.

PRESIDENT: Senator Carsten.

SENATOR CARSTEN: Mr. President, members of the body, I concur with Senator Kremer. I think the interpretation that he gave is correct in my mind, and that is all I had, Mr. President, thank you.

PRESIDENT: Any further discussion? Do you want to close on your motion, Senator Kremer?

SENATOR KREMER: Pardon?

PRESIDENT: Would you like to close debate?

SENATOR KREMER: No.

PRESIDENT: Senator Syas.

SENATOR SYAS: I assume that Senator Mills is doing that in good faith but the only thing about it is that the year has already started, and generally when we have bills of this nature, they have to hold over until the following time and I just wondered if it is practical on this bill. I don't think it is a big thing but I do think it is important to know whether the emergency bill is needed on this particular thing, but Senator Kremer, I will let him decide. He is the introducer of the bill.

PRESIDENT: Senator Dickinson.

SENATOR DICKINSON: Mr. President, I reiterate my question. I will ask it directly so that, perhaps, I can get an answer. Is there anything about obtaining a hunting license that indicates the responsibility or the qualifications of
